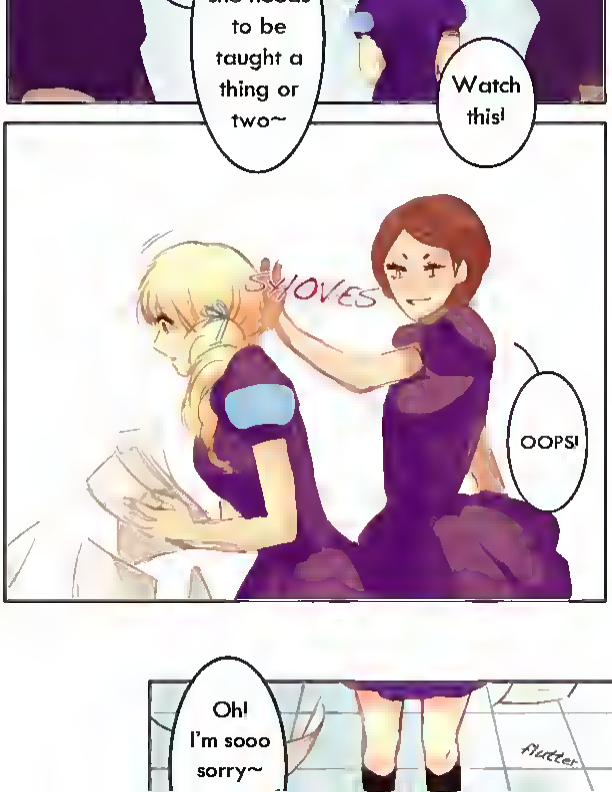
Hey, check out the ditz standing in the middle of the hallway.

Ugh. Doesn't she know she's in everyone's way?

Wait-- Isn't she part of the Student

Council?
Ooh, yeoh. You're right. But how did someone like *her* get the position? Oh my God ...
in a daze
Don't you know? All of her friends including her brother ore in the Student Council. Is thot ridiculous or what?
Whaaot? No wonder. She seems like o *totol* airhead.
giggle~
Maybe she needs



to be taught a thing or two~
Watch this!
SHOVES
OOPS!
Oh! I'm sooo sorry~
flutter

snickers

You should be more careful next time!
pfft

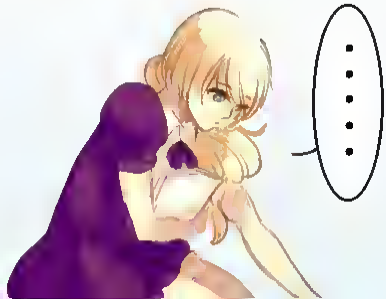
Ah-- Y-yes! Sorry.

Did you see that? She just smiled about it!!

Ahahaha!

haha!

What an idiot!



But...
It's too nice of a day to *not* be smiling... right?

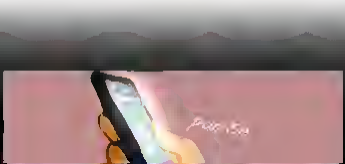
Cumulus.
If the clouds get any thicker, I guess that's

stargazing tonight.

Lately, I've been restless...

How boring. Maybe I can meet up with that newcamer at the madeling agency... What was her name again?

She was a gaod kisser.



That's weird... Why did I think of her all of a sudden?

For one thing, she's totolly stronge. Not

to mention she lacks sex appeal--
ACK?!
Donny.
I've heard from Ros we've been "hanging out" lately.
It's either you've been fantasizing about me way too much or you're just being a lying sack of sh*t again.
I'm betting on the last one.

Ah. Okay. I get it. It's a girl, isn't it?
...! What? No!
Bullseye. So who's the broad, huh? Pft..

It's not what you think, alright?!
BS! You had the same expression when you lied about breaking my action figure when we were kids!
SO TALK!
Fine. So there *is* a girl, but it's not like I'm interested in dating her.

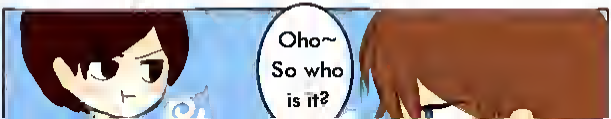
It's just that...
I can't figure this girl out. She's not at all what I expected her to be...
Or for

anyone to be for that matter.

There's this strange nature about her that caunters everything I believed about people.

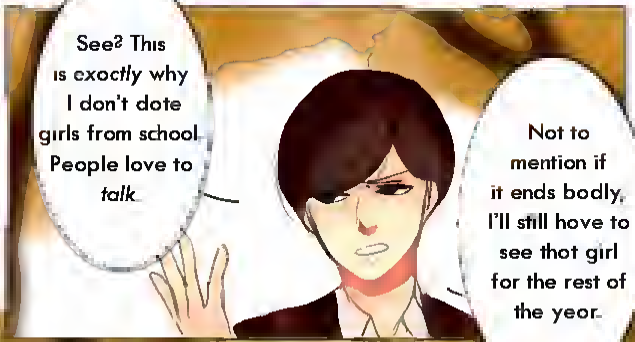
And because of it, I can't stap thinking about her.

Psh. Lame
You sound pretty smitten to me, bruh
And this is relevont to you lying to your sister becouse...?
SIGHS
She goes to the some school os us, okoy?

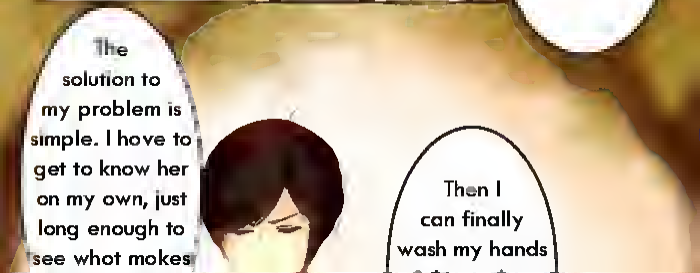


Oho~
So who is it?

Like hell I'd tell you.



See? This is exactly why I don't dote girls from school. People love to talk.
Not to mention if it ends bodly, I'll still hove to see thot girl for the rest of the yeor.



The solution to my problem is simple. I hove to get to know her on my own, just long enough to see whot mokes
Then I can finally wash my hands

her tick.
at this and get her out of my head.
And after you've figured her out...?
What?
stands
Are you just gonna

toss her oside after you get your onswers?
That's the problem obout you, Donny. People oren't books you can reod and then throw owoy once you're done with them.
.....

You complain about people being too quick to judge you, but you're no different from them.
flicker
Am I right?
Just let that sink in, Donny.

It's
too
